INTRODUCTION

This is a great mid-size boat. It runs and handles very well. It has been well maintained by a professional yacht management company and has always been in fresh water.

If you are looking to make your days on the water longer, take some extended weekend trips, or just have a nice place to put the kids down for a nap then THIS IS YOUR BOAT!!

DETAILED VESSEL WALKTHROUGH

Entering from the swim platform you go through the cockpit door and are greeted with the wide bench seat to starboard and removable table. On the port side is a cooler compartment and an aft facing lounge. At the helm you have a back-to-back seat big enough for two on each side. There is also a step to access the bow located under the helm. The entire cockpit can be covered with the bimini top or completely enclosed with the full camper canvas. Continuing forward you step down into the cabin that will surprise you for a 24' boat. The four port holes and deck hatch give the cabin ample natural light and a much more open feel. To port is the galley comprised of a stainless steel sink, refrigerator/freezer, an electric/alcohol stove, ample counter space and cabinets above the counter. To starboard is the enclosed head with handheld shower and sink. The forward berth has storage under each cushion and converts to a dining area. There is an additional mid-cabin berth with full size mattress and nice head room.
